

SAYS ABSTAINERS LIVE LONGER THAN MODERATE USERS

sults of Extended Investigation in Paper Before Socio- lower than among "moderate users." legical Body.

(Associated Press Correspondence.) Indianapolis, May 14.—This evening's program of the National Conference of Charities and Correction included papers on religion, life tasurance in its connection with drink- CALLS UNEMPLOYMENT ing habits, and the attitude of large employers of labor towards use of

"Religion in Life," was the subset of a paper by Rev. Worth M. M. E. church, New York City, who read at the meeting tonight of the Nahas for many years been a teader in tional Conference of Charitles and practical philanthropy. He express- Correction, by William H. Pear, gened the belief that a convincing re- eral agent of the Boston Provident asligion is fundamental in modern so- sociation, and chairman of the confer-

the great meaning of religion for the future. Religion has seemed the possession of the churches, and their possession of the churches, and their differences have tended to intellect that and moral confusion. It has been too much as something apart from ordinary interests; as if it were a great spirit sitting in judgment upcan the world, fundamentally critical, willing, efficient workers, but of the suspicious of the springs of human action unfriendly to the common possession of the churches, and their possession and their possession of the churches, and their possession and their possession of the churches, and their possession and their possession of the churches, and their possession and moral confusion. It has been too much as something apart from ordinary interests; as if it were a great spirit sitting in judgment upcan the possession of the springs of human suspicious of the springs of human action unfriendly to the common and possession of the churches, and their possession and their possession

Thy kingdom of heaven is at hand. Repent ye, believe the glad tidings." disappear as soon as industry revives." is a time of refreshing, of new growths, of wonderful power, It growths, of wonderful power. It Anna Hawn, Cedar Grove is difficult to express just what is writes: "We think Foley Cat lous thinking outside the churches have as yet so little come together. Like "Leaven in Meal."

"But, as far as I can understand it. religion is now entering into the very afferies, veins and cells of humanity. Religion is becoming what Jesus had feeling they give. Sold everywhere. in mind when he said, that it is like leaven hidden in a measure of meal.

"The new religious this hour, if I sense it aright, is this hour, if I sense it aright, is first of all a consciousness of presence of God in the midst of the life of the world. It is also a powout into industry, into the control of cities, into international relations, it is next a vast and growing brotherhood, nation-wide and which is organizing against war and slowly creating a new international-

Shown in Uplift.

"But more significant to us because hearer, is the fact that this brotherhood is expressing itself in the social movement. A vast co-operation is arising, before which, given time enough, no human need to too great to be met, no social ill too deep to be removed, no problem of social justice too grave to be solved."

Arthur Hunter, of New York, actuary of a life nsurance company, pelating out the relations of life insurance and drink habits, said that facts in order to conduct their busi- submission of bids should be obta justice to the policyholders.

Attitude of Risk Concerns. The attitude of the life insurance companies," said Mr. Hunter, "as exmend by a number of the medical directors is given on such question

although not to the point of intoxi-

cation, and on those who have taken alsoholic beverages to excess in the past but are now temperate. then gives statistical basis for th opinions of these medical directors dealing first with abstainers.

Abstainers Better Risks, The experience of seven American companies and one Canadian company is given on abstainers and nonabstainers, from which it appears er cent to 30 per cent lower among the former than among the latter. He also showed from the experience of Insurance Expert Gives Re- two barge insurance companies that the mortality among abstainers was distinctly lower than among those called "temperate," and very much

> Mr. Hunter's conclusion is that the American statistics now published corroborate the British data in Indicating the unfavorable effect of alcabol on longevity, and in showing that total abstinence decidedly increases longevity.

LINGERING PROBLEM

(Associated Press Correspondence.) Indianapolis, May 12.—"Unemploy-Tippy, D. D., pastor, Madison avenue, ment," was the subject of a paper ence committee on unemployment. He said in part:

the present hour in America, and would be made to offer a program. Its the great meaning of religion for the members feel that it will prove more

But a change is on, which is like be discharged and the last to be rethe coming of spring time, and which employed. The problem which thus reminds one of the saying of Jesus, presents itself to the charitable agencies is a lingering one, which does not

happening; the three leading religious Tablets are the best liver pill we ever stoops of the nation are so vast, so get hold of, as they do not naus far spart, so little understanding one or gripe, but act freely on the liver, another; and the currents of relig- Any one in need of a liver pill, if he once tries them, would not out them." Recommended gestion, constipation, bloating, stomach, gas on the stomach, constinution, bloating, sour breath or other condition caused clogged or irregular bowels. Stout persons like the light, easy, buoyant

National Forest Timber for Sale

Scaled bids will be received by the Forest Supervisor, Albuquerque, New Mexico, up to and including June 14, 1916, for all the merchantable dead limber standing or down, and all the live timber marked or designated for surance and drink habits, said that the statistics prepared by the liquor interests and by the prohibitionists were generally considered ex parts by the public, and presented only one to the public, and presented only one to the story. The statistics of western vallow place saw-timber. No the life insurance companies, however, are prepared without bias and may be accepted with confidence, he mid, because the whole object of the life information concerning the life information companies is to determine the ber, the conditions of sale, and the beas safely and soundly, and with from the Forest Supervisor, Albu-

Last Will and Testament of John New-

directors is given on such question.

The what is your opinion regarding the who drink moderately each day but who never take alcohol to excess? Are total abstainers considered they favorable risks for insurance? What is the longevity of those who occasionally drink to excess?"

Mr. Hunter said the consensus of opinion of the medical directors show that the life insurance companies look with disfavor on applicants from persons who dring freely each day although not to the point of intoxi-
